Profile

Presently a third-year student pursuing computer science and engineering. Has experience both in UI/UX design as well as video editing. Quite a skilled designer and editor and the software relevant to them as well as a great enthusiastic person in making smart user experience. I would like to work as a UI/UX and design trainer. I think that the combination of my technical knowledge and creative skills will impact massively wherever I go in a design-related job.

Professional Experience

1. DBMS Design (Personal Projects).

Self-initiated | [12/2023 – 1/2024]

- Designed an APPS STORE with MySQL, PHP and JS.
- Ensured connection between database and application.

2. Microcontroller Project: Railway Crossing management system.

Group-initiated | [5/2024 – 7/2024]

- Designed a Realtime Arduino Uno based railway crossing system including real-time website for showing data.
- Designed the whole UI for the website.

3. Software Development: Bangladesh Railway (University Project).

Group-initiated | [1/2025 – Present]

- Designed the whole UI for the project.
- Developed by Laravel, Bootstrap.

Education

1. B.Sc. in Computer Science & Engineering.

CGPA: 3.33 (out of 4.00)

Dept of CSE

Premier University, Chittagong.

2. Higher Secondary Certificate

GPA: 4.50 (out of 5.00)

Kazem Ali School and College, Chittagong.

3. Secondary School Certificate

GPA: 4.39 (out of 5.00)

Purba Bakalia City Corporation School, Chittagong.

Skill
